September 2020: Week 9, Term 3

# From the Principal

Thank you to families who have supported students with their learning over the second part of this term. The commitment of whānau to support daily routines has been so helpful in enabling a purposeful approach.

Senior students are completing most of their practice externals this week. The results are important as a backstop in case the NCEA examinations are disrupted, and to provide up to date feedback from teachers. In the mentoring conversations to be held the first week of term 4 we will be taking stock and refining plans to maximize achievement.

The big message is that NCEA success remains within reach of all students. Along with the solid efforts being made, this year we have extra days before NCEA starts, we will continue teaching those who need further support during the NCEA examination period, and the 'Covid' learning recognition credits bring the qualifications even more within reach.

After the loss of sports and cultural events that connect our community, we are looking forward to celebrating and recognising success during Term 4.

Rest and refreshment is essential over the term break.

# **Board of Trustees**

Kia ora koutou

I would like to take the opportunity to thank Mizanur Miah for his service as the student trustee for the past year. It has been a challenging year, with a number of our meetings needing to take place online. Mizanur was still able to bring a student perspective to the meetings, giving the Board of Trustees insight into what the tauira are doing and what is important to them.

I would also like to take the opportunity to welcome Sonam Bagwe who is our new student trustee. Sonam has commented on the ability of a student trustee to "constructively share student experiences with the BOT" and the want to fulfil the role "genuinely and effectively". We look forward to working alongside Sonam in the coming year.

As we head into the end of term break I would like to thank the tauira and staff for their resilience this term. I wish them well as they prepare for the next steps in NCEA alongside an opportunity to recharge over the break.

Ngā mihi nui Marjet Pot BoT Chairperson

## Student Achievement

For all of us 2020 continues to be a year where we are all required to adapt to the many changes and challenges we have faced. As families you and your students may be asking questions about your students' achievements for the year. NZQA has provided a range of changes to NCEA 2020 to support senior students' achievement and to acknowledge the loss of learning time due to lockdowns. These include providing learning recognition credits and reducing the target for University Entrance.

As a school we know that the changes have been difficult for students but we are confident that, with the compensations offered by NZQA, our students remain well placed to achieve their learning goals in 2020.

Every year we closely track student achievement and our mentors meet with all senior students to discuss their pathway for the end of year NCEA assessments. We are encouraging your students to take full advantage of the tracking, mentoring and revision processes here at school to ensure they achieve their academic goals for the 2020 year. In practice that means supporting students to:

- Attend school when well be present and on time for every lesson.
- Continue with their learning for all students every bit of progress they make is supporting their growth.
- Attend Mentoring Conferences. These are for senior students in week 1 of term 4 and they are a critical step in planning their pathway through the assessment period at the end of the year.
- Engage in revision activities at school and at home. Practice and revision improves performance in assessments at every level.
- Engage with learning in every lesson.

We are confident that we have the time, resources and ability to ensure our students' success this year. Students can support their own learning by taking on the information above and applying this for the rest of the year.

### Tom Ale [2013]

Tom made his first grade debut for the Warriors against the Raiders on Sunday 20 September. He has been described as having worked towards his sporting dream from a very early age. He moved from MRGS to Wesley College and then on to Rotorua Boys' High School.

Ale is on a development contract to the Warriors this season, but has been upgraded to a full squad member next year. Interim Warriors coach Todd Payten says of Tom "...he's seeking out the

coaches for information on how to get better and the different parts of his game he needs to improve." Warriors forward, Jazz Tevaga, says as well as his skills Ale has a great work ethic!

If you have Roskill stories about the success of current or past pupils, please share to: alumni@mrgs.school.nz or message the MRGS Facebook page.
